

Production Workforce

Why work at Cubis Systems...

Cubis Systems is a dynamic, fast growing and innovative company. Since our formation in 2009, we have experienced rapid growth which is set to continue over the coming years. Our people are our priority so as we embark on our journey of ongoing expansion and development we will continue to reward our employees with a variety of incentives and rewards.

We operate a range of shift patterns including days and evenings, normally with weekends off. Overtime is available and is paid at a premium rate. We consider requests for flexible and part time working with a view to providing a positive work/life balance and a varied workforce.

Everyone at Cubis is entitled to 33 days annual leave and we enjoy a Christmas holiday period shut-down.

We encourage every employee to undertake on the job and/or external training programs that improve their level of skill and competency so that they can progress within their respective departments, and beyond. Role specific training, both formal and informal is provided on the job and access to further/higher education that adds value to Cubis is fully funded.

All employees have access to our healthcare package after three months of employment, which includes:

- Access to a twenty four hour counselling and support helpline with three levels of cover to choose from
- Provision for dependent children
- No medical required on joining
- Reduced costs on dental, optical, chiropody and combined physiotherapy treatments and access to MRI, CT and PET scans

We schedule a series of employee development programs every year, which include:

- Annual football tournament
- Cubis Golf Society
- Annual staff barbeque
- Charity walks/runs
- Annual Christmas dinner

See what our current employees have to say about working at Cubis Systems...

Cubis is a great place to learn and has given me the opportunity to develop to supervisory level within production.

I particularly enjoy the team focused environment at Cubis. I've benefited greatly from the job security Cubis has provided me with and I know I can rely on the strong support network.

The pension scheme at Cubis is really good and I've been able to use the health plan cover a lot over the year. On a personal level I get on great with the people I work with, I enjoy working for a well-run local company and I get a real sense of achievement out of training and developing others.
