

Careers at Cubis Systems

Cubis Systems is a global leader in the design, engineering and manufacture of network access products for the infrastructure, utility and construction markets. Headquartered in Northern Ireland, Cubis is part of the €27 billion CRH Group and operates from multiple sites across the UK and Ireland, exporting to over 30 countries worldwide. Due to the continued growth of our business we currently have a vacancy for a:

Working Team Leader

The Role

Reporting to the Production Supervisor, the successful candidate will maintain Health & Safety standards and oversee a safe working culture across our operations. Based at Tallington, the successful candidates will be responsible for:

- Assigning work and ensuring accuracy of job bookings.
- Operating equipment in line with and maintaining health and safety standards and safe working.
- Safe working of several injection mould machines.
- Investigate productivity improvements.
- Ensure correct emergency response process is put in effect in the event of an out of hours emergency.
- Cover operators and support training needs, as required.
- Learn and understand a wide variety of job duties to a high level of detail.
- Motivate employees to achieve maximum standards in relation to productivity and health & safety.
- Provide feedback to team and evaluate abilities.
- Ensure training records and assessments are recorded, reported and maintained.
- Meeting customer competition dates by effectively managing team members.

How to apply

Leading a team of operators.
Leading daily shift team briefing
